DEPARTMENT OF SOCIOLOGY

Programme Specific Outcomes (PSOs)

Sociology is the science that deals with the study of the manifestations, systems and social relations, a careful analytical and descriptive study through the pursuit of different research methods, in order to reach the rules and laws governing the conduct of these phenomena and social relations. This science also means understanding the nature of various social realities so that this society can draw up strategic plans, set goals and programs that will work to increase progress and raise society. In this article, we will inform you of the most important goals that this science means.

PSO1: Understand the basic concepts in Sociology and develop an understanding about macro and micro perspectives in Sociology.

PSO2: Comprehend the various features of Indian Society and culture including unity in diversity; Indian social structure and understanding rural, urban and tribal India.

PSO3: Develop an understanding of various aspects of doing social science research with focus on methodology; making research proposal, doing fieldwork and report writing.

PSO4: Analyse the critical aspects of Sociology of Development and Planning, the development theories and the Planning system for development.

PSO5: Understand the characteristics, social structure, institutions and problems of Indian Society.

PSO6: Develop an understanding about various aspects of Gender, Religion, Industry; Population studies.

PSO7: Understand the philosophical foundations of Sociology and its application.

PSO8: Evaluation of Developmental, Ecological, and Social-Economical Policies.

PSO9: Application of Statistical methods in conducting Social Research.

By the time of graduation, sociology majors should be able to:

- Explain the sociological perspective, broadly defined; use sociological theory to explain social problems and issues; make theoretically-informed recommendations to address current social problems; and demonstrate the utility of the sociological perspective for their lives.

- Demonstrate the ability to interpret, locate, evaluate, generate, and use sociologically relevant data to test hypotheses and draw evidence-based conclusions.

- Integrate sociological theory, research, and data in order to assess various explanations of social phenomena and to assess social policy. Program Outcomes (POs) Students seeking admission for B.A. programmes are expected to be imbued with the following qualities which will help them in their future life to achieve the expected life goals. a. Realization of human values. b. Sense of social service. c. Responsible and dutiful citizen. d. Critical temper e. Creative ability.

Upon completion of a B.A. in Sociology, students will:

PO 1 Think critically about the causes and consequences of social inequality.

PO 2 Design and evaluate empirical sociological research.

PO 3 Explain and apply the major theoretical perspectives in sociology.

PO 4 Communicate orally and in writing about sociological concepts.

PO 5 Use their sociological education outside of the undergraduate classroom, particularly in their careers or further education.
