BHARAT SCOUTS AND GUIDES

Report On: "05-04-2024 providing water for birds: activity"

The Bharat Scouts and Guides unit planned a summertime bird-watering exercise on April 5, 2024. Event hosted on the Channarayapatna campus of Sri Adichunchanagiri First Grade College. No life can exist without water. We are so busy with our scheduled lifestyle that we are not able to do much for the society and nature. However what little we can do in summer is to keep water for birds and animals outside our houses or offices and shops. I have often seen people placing water outside in a container from where birds and animals can drink water. We all can follow this and it would be a good deed and also we will be helping our environment. These animals and birds are part of our life cycle and known to cause the important process of recycling. They are our co-beings. so our rangers and rovers from the Bharat Scouts and Guides unit gave them water in bottles that were hung in trees. The action was led by Dr. Praveen Kumar S., the Rovers leader, and Smt. Niroosha M.R., the Ranger commander.
