Report on: Special Guest lecture on "Vikram Sarabhai-Space Research"

The special lecture programme is exclusively arranged for the BSc., Physics students to know the importance of Vikram Sarabhai-Space Research on Thursday 14th December 2023. Mrs. Arpitha H.J., Assistant Professor and Head of the department of Physics welcomed the gathering and addressed a brief of the topic. Dr. Niranjana R.S. delivered a talk on "Vikram Sarabhai-Space Research".

India's third lunar mission, Chandrayaan 3, is being carried out by ISRO (Indian Space Research Organisation). ISRO says the mission is scheduled to start on July 14, 2023. By August 2023, the mission's goal is to successfully land a lander and rover on the lunar highlands close to the South Pole.

Dr. Niranjana R.S., HoD & Assistant Professor Department of Physics, Government Science College(Autonomous),Hassan, He discussed the specifics of Chandrayaan 3 with the students. He emphasized the mission's unique qualities and its significance as an indigenous endeavor—a source of national pride.
