National Farmer's Day Report

National Farmer's Day or Kisan Diwas 2023: It is also known as Kisan Samman Diwas. It is observed in India on the 23rd of December. This day symbolizes the birthday of Chaudhary Charan Singh-the fifth Prime Minister of the Indian Republic. Charan Singh served as the Prime Minister of India from 28 July 1979 to 14 January 1980. Let us read more about Farmer's Day. The day was celebrated by inviting two resource person entrepreneurs – Srikanta Dodderi to motivate and inspire younger generations on the prospects of 'new-generation farming' as a career option among over 400 students of our college.

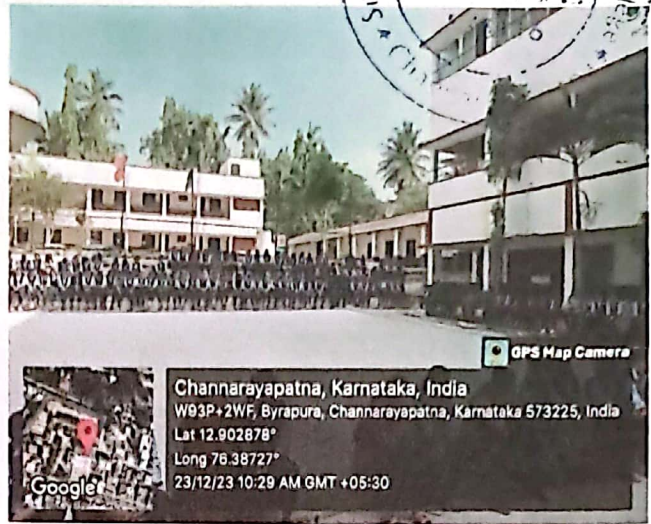

Arpitha .H.J, HoD of Physics, felicitated the two innovative farmers on this occasion. In his presidential address, complemented the farmers for their immense contributions. He persuaded the students about several ways of being connected to farmers and farming through career options like Scientist, Teacher, Entrepreneur and Civil Servant. Dr.B.N. Chandrashekar, HOD department of chemistry graced the function.

D.S.Chethan Asst. Professor, welcomed the gathering and briefed about importance of farmers and farming for the national development.
