**BOTANICAL FIELD VISIT REPORT 2023-2024**

Place of visit:- Dhanavanthrivana and Natural farming, Becca

Date of visit:- 24<sup>th</sup> November 2023

As a part of curriculum, mentioned in the Botany 5<sup>th</sup> semester practical syllabus, field visit to Dhanavanthrivana and Natural farming, Becca which is home to many rare varieties of trees, plants, medicinal plants and flowers, was arranged by the department of botany, Sri Adichunchanagiri first grade college. Where we came to learn about the various plant species.

On 24<sup>th</sup> November 2023, we started moving from our department at 10:30am along with 12 students headed by Sowmya C V. We conducted field visit to the above mentioned place. In the farm students see the medicinal plants, wild plants and natural farming. It is nearer to village Becca run by farmer Raghavendra sir.

Some of plants observed.

- I. *Sarpagandhi*
- II. *Anjur*
- III. *Amruthmoni*
- IV. *Azadirachta indica(neem)*
- V. *Michelia champaka*
- VI. *Shami*
- VII. *Hippali*
- VIII. *Kadambavruksha*
- IX. *Sitaashoca*

During the course, we collected few plants specimens from the Farm.

Many wild plants are also observed in that region. He has grown many such plants along with coconut, banana and many fruit yielding plants and ornamental plant without removing the weed and without applying fertilizers or compost. Such a method of farming is called Pukuvuko technique.

Then we visited new coconut oil factory constructed by Raghavendra Sir. There we all observed some of local trees like Mango, jack fruit, guava and some ornamental plants.

He gave a special plant tea for all the students & we took some rest in farm. Discussed about some taxonomy family related plants like

1. Clitoria junctia
2. Annona squamosa
3. Euphorbia Sp
4. Cocos nucifera
