Report on Career Counseling Session by Mr. Abhilash Varma

A career counseling session was conducted by **Mr. Abhilash Varma**, Co-founder of **Learn Online Institute, Bangalore**. The session aimed to guide students in understanding their career paths and improving their skills in key areas such as **aptitude, numerical ability, and reasoning**. During the session, Mr. Abhilash Varma provided valuable insights into the importance of these skills in various competitive exams and professional fields. He shared effective strategies to improve problem-solving speed and accuracy, encouraging students to develop a logical approach to tackling questions.

To assess the students' understanding and application of the concepts taught, Mr. Varma conducted an **online test** covering aptitude, numerical ability, and reasoning. The test was designed to challenge the students and evaluate their proficiency in these areas.

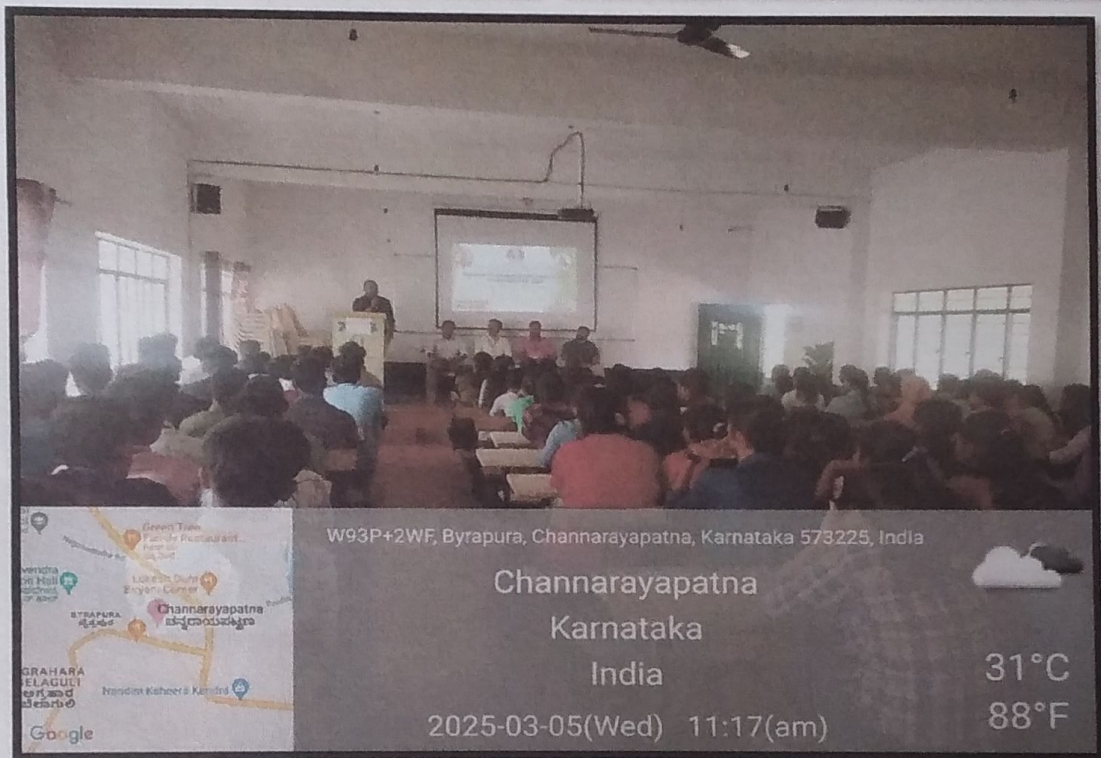

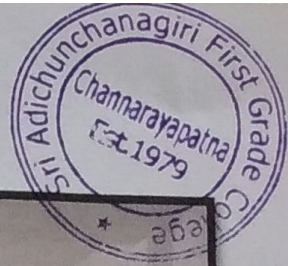

Following the test, **five high-scoring students** were selected based on their performance. As a recognition of their achievement, these students were awarded a **scholarship** from Learn Online Institute to further support their educational and career growth.

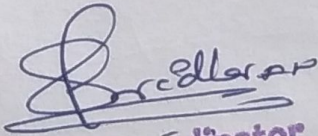

The session was highly engaging and beneficial for the students, providing them with practical knowledge and motivation to enhance their skills and pursue their career goals effectively.
