DEPARTMENT OF BOTANY AND GEOGRAPHY IN COLLABORATION
WITH RED CROSS UNIT AND IQAC

Report of Special Lecture on “World Environment day”

Date: 05/06/2025

Botany and Geograghy Department collaborated with Red Cross Unit and celebrate the world Environmental Day On June 5th 2025.

This day is celebrated for raising awareness about our environment. Moreover, it aims to prevent damage to the environment through human activities and protect the Earth. 5th June World Environment Day serves as a reminder for taking different steps and adopting various ways to safeguard the environment.

The Resource person Ravikiran, Lecturer in Biology, Mandya, delivered wonderful lecture on the importance of Environment, how it related to our daily life, why and how to preserve our Environment and also said the theme of world Environment Day 2025 “Beat Plastic Pollution.” The world produces over 430 million tonnes of plastic annually, with two-thirds being short lived products that soon become waste and entering the human food chain. As You all know Environment is most Precious For Every living Being. Without a Healthy environment We are Nothing.

Then event was presided by Dr. M.K Manjunath, Principal given speech about how to protect our environment and how to avoid using plastic.

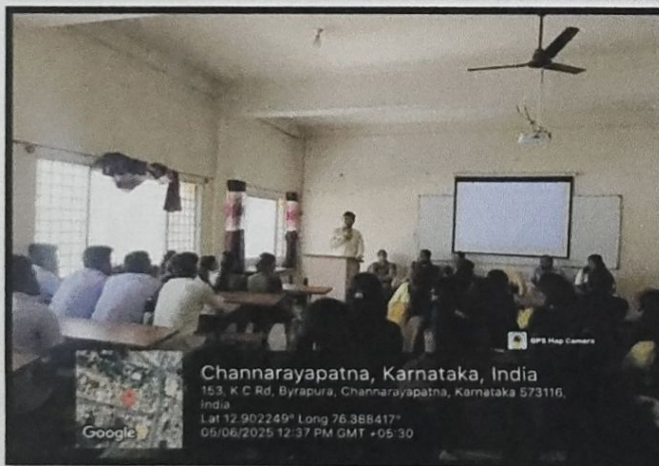

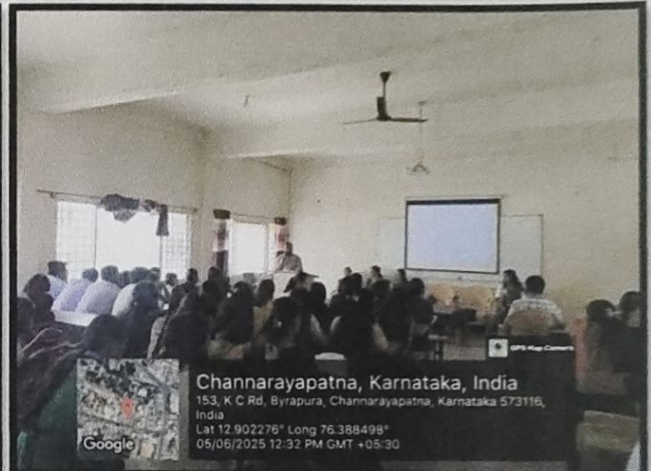

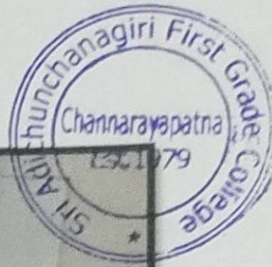

Everyone should plant one sapling to create a better environment. Environmental protection is our responsibility and we need to create awareness about it.
