Circular

We are happy to inform you that an educational excursion to the Amazing Insect Exhibition at Redcross Bhavan, Hassan, has been organised by our Department. On August 19, 2024, at 10 am, this exhibition will provide a rare chance to discover the amazing world of insects through interactive displays, live demonstrations, and a range of bug species from around the world. I request all students to participate and benefit from it.

Respected Sir,

**Sub: Requesting for permission to visit “Amazing Insect World Exhibition” on
19/08/2024**

I am writing to request your approval for organizing a educational trip for our of I and III B.Sc., Zoology students on 19th August 2024 at Red Cross Bhavan, Saligame Road, Hassan organized by Agriculture University, Karekere, Hassan in collaboration with District Red Cross organization. We propose to arrange this visit for 46 students from the Zoolgy, accompanied by concerned faculty members. The visit will be a day-long event, and all necessary safety measures and protocols will be strictly followed.

This exhibition offers an extensive display of various insect species, interactive sessions, and educational presentations that align closely with our curriculum. The visit would provide our students with valuable hands-on experience and a deeper understanding of entomology, which is a key component of their studies. The objective of this visit is to enhance the students' academic knowledge and inspire them to engage more deeply with the subject matter. We believe this experience will greatly benefit their education and research activities.

I kindly request your permission to proceed with the arrangements for this educational field visit. We believe that this experience will greatly enrich the students' learning and contribute to their overall development. Thank you for considering this request. I look forward to your positive response.

Thanking you,

Yours Sincerely

Principal

A report on an Educational Excursion to the Amazing Insect Exhibition

On August 19, 2024, Department of Zoology organized to visit the Amazing Insect Exhibition, a captivating display of nature's most intriguing creatures. The exhibition, held at Redcross Bhavan Hassan which was organized by District Red cross Unit in collaboration with Agriculture University Karekere, showcased a diverse range of insects from around the world, offering an insightful look into their fascinating lives and the vital roles they play in our ecosystem. Together with the I and III CBZ students, Dr. Nirupama M., HoD of Zoology, and Mrs. Kavitha J. N., Librarian, depart the college campus around 10.30 am, arriving at Red Cross Bhavan at 11.30 am.

The exhibition featured an impressive collection of insects, including beetles, butterflies, ants, and exotic species like giant stick insects and praying mantises. Each species was showcased in beautifully designed terrariums that mimicked their natural habitats, providing a realistic view of their behavior and interaction with their environment. The exhibition was highly informative, with detailed descriptions and fascinating facts about each insect species. Information panels highlighted the importance of insects in pollination, decomposition, and as a food source for other animals. The Amazing Insect Exhibition was not only educational but also visually stunning. The combination of interactive elements, live displays, and well-curated exhibits made it a memorable experience for our students. The exhibition successfully conveyed the beauty and importance of insects, leaving visitors with a greater appreciation for these often-overlooked creatures. We left at 1:30 pm after visiting every section, arriving at the campus at 2:30 pm with a tonne of knowledge and memories.
