REPORT ON "NATIONAL POLLUTION CONTROL DAY"

Date: 02/12/2022

Time: 10.45 am

Venue: Kuvempu Vedike

The day was marked to create awareness on managing and controlling industrial manmade disasters and taking steps to prevent them among all discipline students. It is also aimed at curbing pollution made in industrial processes or due to human negligence activities. Dr.B.N.Chandrashekar, Assistant Professor, Department of Chemistry, highlighting the importance of pollution control acts brought by the government is also one of the objectives of National Pollution Control Day. Dr.B.N.Chandrashekar claimed that the National Pollution Control Day aims to prevent pollution of soil, land, air, and water. Pollution remains to be one of the biggest factors that lead to the death of millions of people globally. Industrial accidents contribute to the rise in pollution as they contaminate the surroundings and natural resources. The day highlights Jatha headed by faculties and students from different disciplines, which creates awareness of the importance of preventing such disasters with several slogans. Dr.Manjunath.M.K, Principal, conveyed that the students have to take Various measures in order to control pollution and mitigate its harmful impact. He mentioned several acts which includes Water (Prevention and Control of Pollution) Act of 1974, Environment (Protection) Act of 1986, Noise Pollution (Regulation and Control) Rules of 2000, Chemical Accidents (Emergency, Planning, Preparedness and Response) Rules of 1996, Plastic Waste Management Rules Mr.Bhaskara.J, Physical Education Director anchored the programme.
