Earth Day Report

EARTH DAY is celebrated around the world with a beautiful message - "Our continuing efforts in our everyday lives will make this beautiful planet thrive." Earth Day is a proof that even one person can make a global impact in a positive way. Echoing the same, Sri Adichunchanagiri First Grade College celebrated "The Earth Day" through a series of activities on 24th April. The whole college, whether it was the students, support staff, teachers, guards, admin staff or helpers took part in this "Go- Green initiative". The students were reminded of simple doable actions towards safe Mother Earth. On this day, we try to plant a sapling or a plant which helps us from avoiding global warming. World earth day is celebrated on 24 April each year in our College to spread awareness about conserving earth. The program started at 12 pm with a speech given by the **Naganna E Former Principal** on how we should conserve our earth and mother nature. At last we all thank our teachers and **Principal Dr Manjunath M.K.** for giving us knowledge on how to conserve mother earth.
