Report on “Celebration of National Librarian Day” on 12th August 2023

Library and Information Centre celebrated National Librarians Day on 12th August 2023 at Library and Information Centre at 12.30 PM. The students heard from Mrs. Kavitha J.N., Librarian about the significance of Librarian's Day as well as about Dr. S.R. Ranganathan's biography, contributions to Indian Library Science, and recognition as the Father of Library Science in India. Every year, Dr. S.R. Ranganathan's birthday is celebrated in India as National Librarians Day, at which time she presented the five laws of library science to the faculty members and students present on the occasion.

Principal Dr. M.K. Manjunath addressed the students and advised them to use the library resources adequately and if all the students have mobile phones, they should register N-list (e-resources) and use it.
